page

Property Address	^s Maravene Fam. Tr. C/o John Edward Marion, Tr. 2762 US Rt 20				
Owner's Name	Cazenovia	NY	13035	7/19/19	
City/Town		State	Zip Code	Date of Inspection	

Inspection results must be submitted on this form. Inspection forms may not be altered in any way. Please see completeness checklist at the end of the form.

Important: When filling out forms on the computer, use only the tab key to move your cursor - do not use the return key.

Inspector Information			
Douglas E. Cooper			
Name of Inspector			
Cooper Environmental Services, LLC			
Company Name			
33 Old Dunhams Corner Way			
Company Address			
Edgartown	MA	02539	
City/Town State Zip Code			
508-627-9586 2857			
Telephone Number	License Number		

B. Certification

I certify that: I am a DEP approved system inspector in full compliance with Section 15.340 of Title 5 (310 CMR 15.000); I have personally inspected the sewage disposal system at the property address listed above; the information reported below is true, accurate and complete as of the time of my inspection; and the inspection was performed based on my training and experience in the proper function and maintenance of on-site sewage disposal systems. After conducting this inspection I have determined that the system:

	Insp	ector's Signature	Date	
		Douglas & Cooper		7/19/19
4.		Fails		
3.		Needs Further Evaluation by the Local Approvir	ng Auth	nority
2.		Conditionally Passes		
1.	X	Passes		

The system inspector shall submit a copy of this inspection report to the Approving Authority (Board of Health or DEP) within 30 days of completing this inspection. If the system has a design flow of 10,000 gpd or greater, the inspector and the system owner shall submit the report to the appropriate regional office of the DEP. The original form should be sent to the system owner and copies sent to the buyer, if applicable, and the approving authority.

Please note: This report only describes conditions at the time of inspection and under the conditions of use at that time. This inspection does not address how the system will perform in the future under the same or different conditions of use.

City/Town		State	Zip Code	Date of Inspection	

/Town		State Zip Code Date of Inspection
Inspec	tion S	summary (cont.)
System F	ailure C	riteria Applicable to All Systems: (cont.) N/A
Yes	No	
	X	Static liquid level in the distribution box above outlet invert due to an overloaded or clogged SAS or cesspool
	X	Liquid depth in cesspool is less than 6" below invert or available volume is less than ½ day flow
	X	Required pumping more than 4 times in the last year NOT due to clogged or obstructed pipe(s). Number of times pumped:
	X	Any portion of the SAS, cesspool or privy is below high ground water elevation.
	X	Any portion of cesspool or privy is within 100 feet of a surface water supply or tributary to a surface water supply.
	X	Any portion of a cesspool or privy is within a Zone 1 of a public water supply well.
	X	Any portion of a cesspool or privy is within 50 feet of a private water supply well.
	X	Any portion of a cesspool or privy is less than 100 feet but greater than 50 feet from a private water supply well with no acceptable water quality analysis. [This system passes if the well water analysis, performed at a DEP certified laboratory, for fecal coliform bacteria indicates absent and the presence of ammonia nitrogen and nitrate nitrogen is equal to or less than 5 ppm, provided that no other failure criteria are triggered. A copy of the analysis and chain of custody must be attached to this form.]
	X	The system is a cesspool serving a facility with a design flow of 2000 gpd- 10,000 gpd.
	X	The system <u>fails</u> . I have determined that one or more of the above failure criteria exist as described in 310 CMR 15.303, therefore the system fails. The system owner should contact the Board of Health to determine what will be necessary to correct the failure.
design fl	ow of 10 systems,	To be considered a large system the system must serve a facility with a ,000 gpd to 15,000 gpd. you must indicate either "yes" or "no" to each of the following, in addition to the on C.4. N/A
Yes	No	
		the system is within 400 feet of a surface drinking water supply
		the system is within 200 feet of a tributary to a surface drinking water supply
		the system is located in a nitrogen sensitive area (Interim Wellhead Protection Area – IWPA) or a mapped Zone II of a public water supply well

C. Inspection Summary (cont.)

If you have answered "yes" to any question in Section C.5 the system is considered a significant threat, or answered "yes" to any question in Section C.4 above the large system has failed. The owner or operator of any large system considered a significant threat under Section C.5 or failed under Section C.4 shall upgrade the system in accordance with 310 CMR 15.304. The system owner should contact the appropriate regional office of the Department.

6. You must indicate "yes" or "no" for each of the following for all inspections:

Yes	No	
X		Pumping information was provided by the owner, occupant, or Board of Health
	X	Were any of the system components pumped out in the previous two weeks?
	X	Has the system received normal flows in the previous two week period?
	X	Have large volumes of water been introduced to the system recently or as part of this inspection?
X		Were as built plans of the system obtained and examined? (If they were not available note as N/A)
X		Was the facility or dwelling inspected for signs of sewage back up?
X		Was the site inspected for signs of break out?
X		Were all system components, excluding the SAS, located on site?
X		Were the septic tank manholes uncovered, opened, and the interior of the tank inspected for the condition of the baffles or tees, material of construction, dimensions, depth of liquid, depth of sludge and depth of scum?
		Was the facility owner (and occupants if different from owner) provided with information on the proper maintenance of subsurface sewage disposal systems? The size and location of the Soil Absorption System (SAS) on the site has been determined based on:
X		Existing information. For example, a plan at the Board of Health.
X		Determined in the field (if any of the failure criteria related to Part C is at issue approximation of distance is unacceptable) [310 CMR 15.302(5)]
